

Final FRCA Teaching Programme 2022

All teaching sessions are to be held in the Anaesthetic Seminar Room at UHCW and simultaneous via Zoom unless otherwise specified. You are welcome to attend either in person or remotely. This will be reviewed again in April.

If attending via Zoom, please make every effort to be focussed on the teaching and prepare to be as interactive as if you were attending in person to gain the most from the sessions.

Most of the teaching days will combine a mixture of themes and subjects in addition to exam practice. Some will have a key theme, and these will be advertised closer to the dates.

Teaching is USUALLY the second Wednesday of the month. This is altered to the first Wednesday of the month when teaching clashes with an exam week to ensure teaching is just before rather than just after an exam.
